Glendale Changes Name To Paradise City For One Day. Inspired by the title of one of Guns N' Roses hit songs, the City of Glendale has symbolically changed its name to Paradise City for Aug. 15, which is the day the biggest North American rock and roll tour of the summer comes to town. The 'Not in This Lifetime Tour' marks the first time Guns N' Roses founder Axl Rose and other original band members Slash and Duff McKagan have played together as Guns N' Roses in 20 years.

This is the band's first visit to Glendale and the tour has been generating feverish excitement by rock fans across the world and other major metro areas including Los Angeles, New York, Miami, Toronto, and San Francisco.

Olive Ave/59th Ave Waterline Improvements Project UPDATE

Thank you for your interest in the City of Glendale's waterline improvements project, currently taking place in the intersection of Olive Avenue and 59th Avenue. We'd like to provide an update on our progress . . .

Crews are currently working in the southbound lanes (west side) of 59th Avenue at the Olive Avenue intersection to install waterline from approximately 600 feet south of Olive Avenue to 200 feet north of Olive Avenue.

Next week, crews will continue this work in a northerly direction through the intersection. As this work will be conducted in segments, to maintain travel through the intersection, please be prepared for traffic control changes during the week to shift traffic away from the construction activity. **Tentatively scheduled for early the week of August 1st, crews will prepare for and pave back the areas where trenching occurred to install the waterline in 59th Avenue.**

Tentatively scheduled to begin mid to late the week of August 1st, work will begin to install waterline in the eastbound lanes (SOUTH side) of Olive Avenue approximately 200 feet east and west of 59th Avenue, which should take about a week to complete. This work will be followed by installation of a waterline in the westbound lanes (north side) of Olive Avenue.

Olive Avenue and 59th Avenue will remain open for travel during this work; however, traffic will be shifted away from the work zone and more than likely restricted to one lane in the direction work is taking place. Based on the work activity, it is expected that some or all left turns will not be permitted at the intersection or near the work zone to protect travelers and construction crews. To assist in managing traffic at the intersection, a law enforcement officer will be on-site from approximately 6 a.m. to 7 p.m. weekdays; however, traffic control will remain in place even during non-work hours to protect the work area and for the safety of travelers.

You will be notified 48 hours in advance of any planned disruption to your water service. Business and resident access will be maintained. This work is tentatively scheduled to be completed in 6-8 weeks. Thank you for your continued patience during this work!

Please feel free to contact our project hotline at 602.532.6250 should you have questions or need information related to the project.
